# Requirements for DTE Issuance Testing

To carry out integration and electronic tax document (DTE) issuance tests, the following requirements must be met:

1. **Have a user account and register a company in LibreDTE.**
   - You can register and request access to the **Servicio Plus trial** through the following link: www.libredte.cl/trial.
     The trial period lasts **10 days** from the moment of registration.
2. **Upload the digital signature (Firma Electrónica Simple) of the legal representative.**
   - This signature is required to issue valid documents. You can upload it here: https://libredte.cl/dte/admin/firma_electronicas
3. **Configure the folios (CAF) in the system.**
   - You must create the folio definitions and upload the CAF files authorized by the SII via the following link: https://libredte.cl/dte/admin/dte_folios
